Designed for EYFS Leaders

Delivered January – July each academic year

To find out more regarding our sustained programmes and how you can sign up for either this academic year or next, please email

englishhub@yeat.co.uk

What support can your school access?

Our English Hub is one of only 35 hubs across England appointed by the DfE to take a leading role in supporting schools to improve their teaching of phonics, early reading and early language.

Any school can request support from an English Hub. However, if there is more demand than capacity, hubs will select schools to support based on eligibility criteria, the level of the need for support and the level of disadvantage of the children at the school.

The following state funded schools are eligible to access free CPD, an English Hub audit and resource funding for validated SSP programmes in 2023/24:

- Infant schools
- Primary schools
- Junior schools
- Special schools
- Pupil Referral Units with primary school aged children.

To access Literacy Specialist support, a school must be a state funded school and must have a KS1 cohort which completes the PSC (primarily infant or primary schools).

Literacy Specialist support for schools will be prioritised for schools which meet two of the following criteria:

- Primary schools with a lower-than-average percentage of pupils meeting the expected standard in the Phonics Screening Check
- Primary schools with lower-than-average PSC scores for disadvantaged pupils. Schools with the lowest phonics scores for disadvantaged pupils
 - Primary schools where the bottom 20% of children are not on course to reach the expected standard (indicated through regular phonics assessment in school)
- Primary schools with a higher-than-average proportion of children eligible for pupil premium
- Primary schools that sit in an education investment area (PEIAs/EIAs)
- Primary schools with a high proportion of groups considered hard to reach such as EAL, FSM, travellers.
- Schools referred by local partners (e.g., NLEs, RSCs, LAs)
- Primary schools where standards in phonics are identified as areas for development through Ofsted inspection findings
- Primary schools where there is a risk of declining standards in phonics

** • Previous partner schools in PEIAs who have experienced significant systemic change since leaving the programme and who have failed to realise and/or maintain improvement in SSP scores

To find out more, register your interest in accessing support or to find out what your school is entitled to, please complete the self-referral on our website. A member of our team will then be in touch to discuss your next steps.
